# MASTERPLAN

## Amritvan Master Plan - Phase 1

# Architects' Love Letter to Nature

With each architectural element thoughtfully crafted, we invite visitors to immerse themselves in a world where nature and human connection harmonize and the soul finds its home.

As the architect of this enchanting masterpiece, our vision for Amrithvan Farm embraces the essence of serenity and togetherness. The entrance and security cabin are guardians of warmth, welcoming all who seek solace in nature's embrace.

## A Masterpiece Where Emotions Unfold and Memories Flourish!

As architects, our dream for Amrithvan Farm was to create a canvas where emotions bloom like the landscape, where memories are etched and laughter echoes in every corner.

Within the heart of Amrithvan, the gazebo beckons guests to pause and absorb the timeless beauty that surrounds them. The guest stay and service stay become vessels of comfort, designed to cradle cherished moments and lifelong memories.

In the kitchen, we blend the flavors of love and togetherness, where the aroma of unity permeates every dish served. The barbeque & bonfire pit kindles the joy of gathering under starry skies, igniting bonds that glow eternally.

I envisioned the clubhouse at amithvan as a vibrant hub of joy and camaraderie. Every corner is thoughtfully crafted to nurture bonds and create cherished moments. Its not just a building its a canvas where emotions come to life and where the essence of togetherness finds its eternal home.
